Portal Xibalba Eco Village, Our Environment

There's magical energy at Portal Xibalba that **will inspire and amplify our experiences** – It's the perfect place to gather, expand our energy, and empower each other to soar. Not only will you be taking your knowledge of Tantra to the next level – *even more crucially*, **you'll be moving toward your next level of aliveness and org*smic expansion.**

Participation would not be complete without exploring its 3 Cenotes*....swimming in their depths and thru their caverns only to be greeted with an array of tropical juice drinks as you

emerge to rest on their surrounding rocks

Above is a representation of the dome like structure representing the womb of Mother Earth at our gathering place for Temazcal. Temazcal is a steam bath used extensively in Mexico for millennia. Heat, steam and sweat bring about a body purification well known. Its purification is not limited to the body but also encompasses the spiritual. The symbolism of the temazcal structure and oral tradition reflect the connection between body, spirit, and nature. We will engage in Temazcal

Instruction & Demonstrations in Tantric Massage.

Tantric massage is a experience that releases participants from general expectations of s*x. Tantric massage offers a relaxed, low-pressure experience. Tantric massage encourages mindfulness, works to release us from distractions and zero in on our bodies and their innate wisdom.

Cacao Ceremony

No self-respecting Tantrika would travel to Mexico without **experiencing Cacao**. We'll be led in an exhilarating Cacao Ceremony with deep reverence and authentic Mayan ritual.

Leisure Time

Ecstatic Dance

We couldn't be in Tantric community without Ecstatic Dance, moving naturally to your own rhythm, with the potential to communicate directly with the spiritual realm or just enjoy. Ecstatic Dance has evolved over time from a spiritual practice to a body centered art, and in doing so it has found its niche within popular Tantric culture.

If you like, take a moment to listen to ecstatic dance music. Close your eyes and imagine yourself at Tantra in the Jungle, in the Temple, dancing.
